

UK to EU pet travel form

Please complete this form and return to us **in advance of your appointment**. Please make sure you tick the declaration at the end.

We will need you to bring with you on the day of your appointment **proof of rabies vaccination, and proof of identification of the pet**. If you have a Pet Passport for your pet that was issued before 31/12/2020 this will suffice. If you do not have a Pet Passport for your pet then please bring your vaccination card that shows the current rabies vaccination and evidence of their microchip number. If we have completed the rabies vaccination here at Westover, we will have a copy of these on your pets' records. If you have any problems obtaining these documents please contact:

Tapeworm treatment is required when travelling from Great Britain to EU listed tapeworm free countries including Northern Ireland, Malta, Ireland, and Finland. These dogs must be treated for tapeworm not more than 120 hours and not less than 24 hours before time of entry into one of these countries. Please select from one of the following options (not applicable to cats or ferrets).

I am travelling with my dog to:

- Northern Ireland
- Malta
- Ireland
- Finland
- None of the above

Nb. Before returning to Great Britain dogs must be treated for tapeworm not less than 24 hours, not more than 120 hours before time of entry except for return from Northern Ireland, Finland, Ireland, or Malta. You must take your AHC with you for this treatment to a vet in the EU country you are in.

If you are leaving Great Britain on a short trip returning within 120 hours you can have this treatment done before leaving.

I declare that the information entered above is accurate and correct. By submitting this form, I agree that Westover Vets will use this information to complete an Animal Health Certificate (AHC) and any errors or omissions in the information I have provided may invalidate this AHC.
